Re: Phishing Scam targeting Bowling Clubs and Sponsors

Please be warned.

Phishing is a practice by unscrupulous people pretending that you owe them money.

A company is approaching bowling clubs with sufficient information that makes them seem bona fide, but they are just trying to trick you into paying them for something they haven't provided.

The company is also targeting club sponsors.

This week it is scorecards, but it could be something else next month.

Please take extra care when paying your creditors.

All Clubs should ensure that invoices are for goods or services provided and from companies engaged by the club to provide those goods or services

These unscrupulous operators are very good at making themselves look legitimate and they would not be doing it if it didn't work.

Greg Helm
