

JOINT UNIFICATION UPDATE

No. 2020_2

To: Recipient Name

Date: 7th August 2020

From: Women's Bowls NSW and Bowls NSW

Thank you to our members for your recent comments and views on the proposed unification of our two organisations.

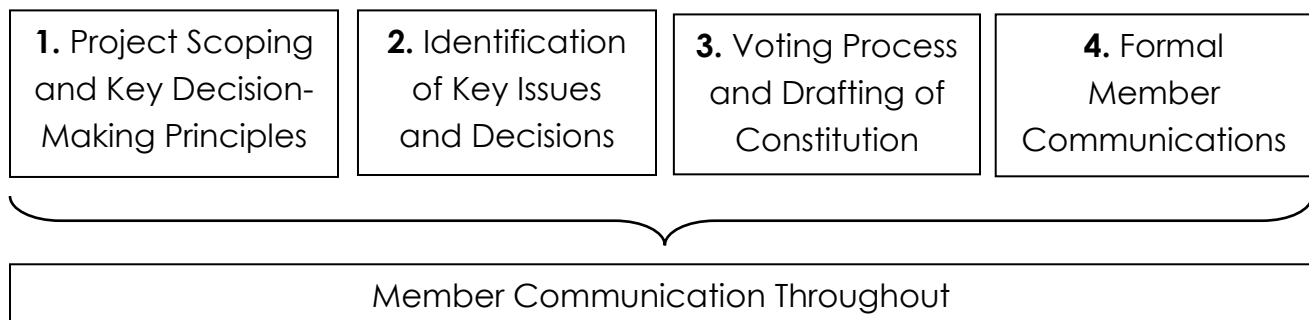

We are pleased to announce that we have appointed Sport Business Partners (SBP) to assist in the facilitation of our discussions. SBP has worked in and across the Australian sports sector since the early 2000's and have been involved in many merger and amalgamation projects to date. They have a strong understanding of the sport of bowls, having worked on numerous projects within the bowls sector in the past.

You will be pleased to know that we held our first unification session last week (31st July 2020) where we have started working on stages 1 and 2.

We will provide updates to all Members, Clubs, Zones and Districts throughout the process, and in the meantime, we endeavour to have a web page established to direct queries to and provide project information within the next two weeks.

Until then, you can email the Unification Working Party (UWP) on unification@bowlsnsw.com.au

We provide a high-level outline of the process below.

WOMEN'S BOWLS NSW

Suite 8.01, Level 8, 289 King Street, Mascot 2020
